Objective

A highly motivated Frontend Developer with expertise in HTML, CSS, JavaScript, TypeScript, and Next.js. Passionate about building interactive and user-friendly web applications. Currently learning Python to enhance backend development skills. Seeking opportunities to contribute technical knowledge and problem-solving skills in a dynamic work environment.

Skills

- **Frontend Development:** HTML, CSS, Tailwind CSS, JavaScript, TypeScript, React.js, Next.js.
- **Graphics Designing:** Photoshop, Illustrator (*LWE Certified*).
- **Tools & Technologies:** Git, GitHub, Sanity CMS, Stripe API.
- **Other Skills:** Responsive Web Design, CLI Applications, Basic Python.

Projects

1. Dynamic Resume Builder

- Built a web-based resume builder using **HTML, CSS, TypeScript, and Next.js**.
- Implemented a user-friendly interface with Tailwind CSS.

2. CLI Applications Portfolio

- Developed multiple CLI applications, including a **currency converter**, **countdown timer**, and **ATM system** using **JavaScript and TypeScript**.

3. Hackathon E-Commerce Project

- Designed and developed a **general e-commerce platform** using **Next.js**.
- Integrated **Sanity CMS** for product management and **Stripe API** for payments.

4. Graphics Designing Projects

- **Social Media Post Designs** – Created engaging and eye-catching posts using **Photoshop & Illustrator**.
- **Logo Designs** – Designed multiple **modern & minimalist logos**.
- **Business Card & Brochure Designs** – Crafted professional and creative designs for branding purposes.
